Dear Friends,

July 2019

It is approaching time once again for our wonderful Food Festival. This coming November 2nd our church community is sponsoring our Eleventh annual World's Fare Food Festival. Our Festival continues to grow into a very popular and well attended yearly local event. As a part of this event we publish a Festival Program Book. We offer local businesses and professionals, as well as individuals the opportunity to place ads in this program book. Along with being a very inexpensive and yet effective means of advertising your interest, advertising with us also helps support our parish and the many benevolent efforts our parish contributes to. Our parish contributes regularly to helping those needs, through our support of a local homeless ministry, the Volusia Domestic Abuse Council, The National Food for Hungry People Drive and the World Food Drive. We also have our own Holy Cross Benevolence Fund. Holy Cross also supports the international Orthodox Christian Charities organization which tremendously helps with international tragedy assistance. We support development in third world countries through our donations to the Orthodox Christian Mission Center. These are just some of the many ways Holy Cross tries to minister. We would very much appreciate your participation with an ad in our program book. The book will be handed out to all that come to the festival. The Festival is open to all and is an annual community favorite. Our Eastern Orthodox parish consists of families from many different ethnic backgrounds. We have within our community families with origins from the Middle East, Ukraine, Greece, Russia, Macedonia, Romania and much more! The most popular aspect of these ethnic origins are the many different traditional food dishes and recipes that have been passed down through many generations. Our Festival will offer many of these specially prepared Ethnic foods for the enjoyment of the public.

The ad prices are as follows:

Full Page.....\$100

Half Page.....\$ 60

Quarter Page.....\$ 35

For special graphics and artwork, you should provide these camera ready in black and white or gray scale. Thank you for your participation and please come and enjoy our Festival!

Sincerely,

F. Yuri N. Brubach
